

I-9 AUDIT, COMPLIANCE & CONSULTING

I-9 Worksite Enforcement is a **TOP PRIORITY** for the Government

76% of I-9s contain at least one error and the average penalty per form is \$1,862. An organization with 1000 employees is likely facing a fine of \$1.86 million for having just one error on each form! The government has committed to increasing audits 400%-500% year over year. Companies across all industries are being targeted, including staffing, healthcare, manufacturing, and multi-location workforces.

What you can expect to receive from an audit from Paragon

- Thorough review of all I-9s
- Easy-to-read charts showing error trends
- Suggestions for remediation of errors or form correction services
- Peace of mind

Add-on services

- Electronic storage of existing I-9s
- Electronic completion and guidance on any new I-9 at the time of hire
- Policy/procedure review
- Custom training programs

Our programs are designed to help teach employees how to create respectful and inclusive workplace environments. **Call or email today!**
